DMV RO DATA RETRIEVAL SERVICE

DMV Registered Owner Data Retrieval

Independently managing effective DMV communication and data retrieval requires significant investment. IPS offers a proven solution for registered vehicle owner lookup and license plate retrieval, ensuring accurate invoicing for Tolling, Parking, Photo Enforcement, and Transportation Authorities.
Rely on IPS to navigate DMV data challenges, including data privacy, accuracy, and compliance, thereby saving time and resources.

KEY BENEFITS

- 50+ years of DMV and RO service experience
- No limit to the volume of data processed
- Access to DMV data from all 50 US States and DC as Nlets Strategic Partner; multiple verification checkpoints
- Proven data cleansing and validation process
- Cross-platform compatibility with your existing system
- Authorized sourcing of registration data mitigates risks of escalations, mistaken identity, and costly legal repercussions
