PERMIT MANAGEMENT

Permit Management Solution

The IPS Permit Management Solution supports the full administrative lifecycle for any permit program from initial design through fulfillment. Access to real-time permit information, application management, waitlists, reporting and insights are available on the web 24/7. A secure public portal provides customers with a convenient ecommerce experience to apply for (or renew) their permits, print temporary permits, and obtain additional information or support.

FEATURES

Flexible Types: Residential, guest, daily and any other type

Multiple Formats: Decals, hang tags, and virtual

Scalable: Deployed on its own, or seamlessly integrated with IPS Enforcement Management Solution and/or third-party applications

Robust Reporting: Comprehensive reporting library, intuitive dashboards, data analytics, and support for Excel and PDF exports

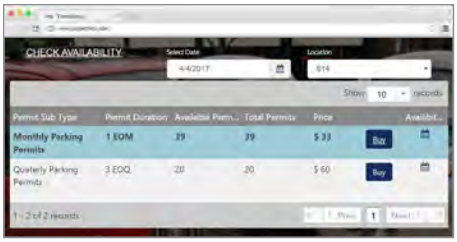
Customer Convenience: Public Portal provides real-time permit management to customers including printing of temporary permits

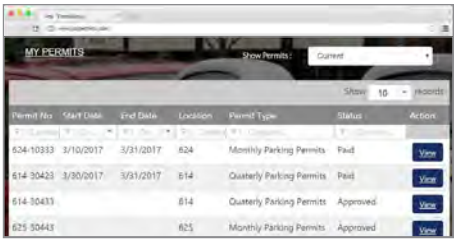
Secure Operations: Access to real-time permit updates via cloud-based solution

Real-Time Integrations: DMV Integration for real-time validation of vehicle registrations

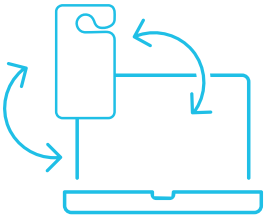
Customizable: Agency-branded interfaces

Waitlist Management: Interactive tool enables management and prioritization of applicant queue





CUSTOMIZABLE
CUSTOMER INTERFACE



FULLY INTEGRATED

ROBUST REPORTING

MANAGEMENT & FULFILLMENT

- Fully integrated with IPS Parking Enforcement Management Solution
- 24/7 secure login and access to permit information
- Permit formats: decals, hang tags, and virtual
- Vehicle and permit data updated in real time
- Void lost, damaged, and stolen permits
- Process and generate renewal letters
- Waiting List Management
- Advanced search options

CUSTOMER CONVENIENCE

- Easy online registration, permit ordering and renewal
- Instant email notification
- Temporary permits available immediately
- Permit status updates via email or text message

OPTIONAL VIRTUAL PERMITTING

- Enabled with integrated LPR solution
- Greater compliance: virtual permits cannot be lost, stolen or faked
- Cuts cost of physical permit production and no inventory to manage
